25X1A

MEMORANDUM FOR: Comptroller, OSA

ATTENTION:

25X1A

SUBJECT:

REFERENCE: Hq AFSC Paper "Special Test Activity"
NRO REVIEW COMPLETED.

After review of the referenced correspondence, it is felt that answers to the following are required prior to any DNRO briefing:

a. It appears from the Concept that AFSC envisions a continuing, long term stay. Is this correct, or are we discussing frequent short term periods.

b. If long term (semi-permanent) activity is required, then a different set of Agency/USAF agreements would appear to be in order.

25X1A

c. With the recommended Det CMDR rank, OSA should seriously consider providing a permanent technical monitor/scheduler (GS-15 or better) 

25X1A

d. Hard, strict security and access controls must be developed if, in fact,  are to remain secure from compromise. (This is stated in Purpose.)
